

# Invasive Species

## In the Chesapeake Bay Watershed: *A Workshop to develop Regional Invasive Species Management Strategies*

**May 7- 8<sup>th</sup> 2002**  
**Admiral Fell Inn**  
**Baltimore, MD**  
**1-800-292-4667**

**Register Online:**

<http://www.mdsg.umd.edu/exotics/workshop/reg.html>

**Workshop Objective:**

Scientists, managers and others active in this issue are invited to this two-day workshop to develop consensus frameworks for advancing and implementing invasive species regional management plans for the Chesapeake Bay Program's six priority invasive species: *Mute Swans*, *Nutria*, *Phragmites*, *Purple Loosestrife*, *Zebra Mussel*, and *Water Chestnut*.

The general structure of the meeting will include a series of plenary presentations followed by facilitated sessions designed to engage participants and build consensus on target issues. The workshop is limited to 75 participants.
