

TRAINING ANNOUNCEMENT

Command and General Staff Functions for Local Incident Management Teams (H-337/I-300 and I-400)

March 26-30, 2012
Golden Gate National Recreation Area
San Francisco, CA

Description: This 45+ hour course offers incident command system training to Department of the Interior (DOI) employees who may serve in command and general staff positions on local incident management teams involving a significant number of local and/or mutual aid resources. The course will provide opportunities for students to gain an understanding of how the National Incident Management System (NIMS) command and management components support the management of expanding incidents and significant events. Students will participate in the incident/event management process for expanding incidents and extended response as prescribed by the Incident Command System through scenarios, classroom participation and practical exercises. The course is intended for personnel who have completed basic incident command training and have expressed interest in participating in all-hazards incident management or who have incident management responsibilities in their position descriptions. The course will be delivered as “team training” to simulate local Incident Management Teams (IMTs) assembled and deployed to incidents and special events. Given the complexity of most incidents, training as a team is critical for effective coordination and decision-making under the dynamic stressful situations often experienced during emergency incidents and major events. Students will be assigned to teams during the course for the purpose of developing the skills required to perform in a team configuration of moderate complexity; completion of the course does **not** commit or qualify trainees to serve on designated teams other than as allowed or required by their individual agencies.

Successful completion of the training will credit participants for the Command and General Staff Functions for Local Incident Management Teams course **AND** I-300 and I-400.

Target Audience by priority for selection:

- Local National Park Service & U.S. Park Police employees approved for all-hazard advanced training opportunities
- NPS employees from other units approved for all hazard advanced training
- Other agencies involved in all hazard incident management operations/activities, park partners with leadership role in all hazard or incident management response

Pre-Requisites: Successful completion of IS-100, 200, 700 and 800. (These courses are available online at <http://training.fema.gov/is/crslist.asp?page=all>)

Cost: There is no cost for the training; however, if traveling to attend, participants must cover travel, lodging and per diem costs.

Travel and time commitment considerations: Training begins at 0800 Monday, concludes at 1700 Friday and will include evening sessions. Students must attend and successfully complete the full course to receive training certificates.

Registration: The attached PARTICIPANT REGISTRATION FORM must be completed and returned to Ruan via email-Yvette_ruan@nps.gov) or fax (415-331-6942) by **COB** Friday March 2, 2012

Lodging: Information on available lodging options, available upon request.
