

Chinese Mitten Crab Workshop
Arlington, VA
November 2, 2010
8:00 AM to 4:00 PM

Location

U.S. Fish and Wildlife Service
4401 North Fairfax Drive
Arlington, VA 22203

Purpose

The purpose of the workshop is to develop networks and facilitate communication and collaboration between researchers, agencies and organizations working with Chinese mitten crab in North America.

Objectives

- (1) Establish a Chinese mitten crab workgroup and network on the east coast.
- (2) Develop network for collaboration between east and west coast CMC activities.
- (3) Identify future needs and direction for the CMC National Management Plan.

Invitation to Participate

The workshop is open to participation by all federal and state agencies, private and public institutions, private industry, conservation organizations and researchers involved in or with an interest in Chinese mitten crab invasions in North America. The workshop will follow an informational/discussion type format. Attendees are encouraged to participate by presenting information about their activities at the workshop. If you are interested in making an oral presentation or chairing one of the discussion sessions, please contact either Ron Smith or Jon Thompson.

Registration

Please register via e-mail to: ronald_smith@fws.gov
